The fertile fields which give us life and great  
productive mines

Surround Penn Township High School with classic  
monumental lines;

Where new frontiers come into view, new human  
needs unfold,

The challenge of a modern world within our school  
we hold.

Of many great historic shrines are famous stories  
told,

Yet more esteemed than any seems yon Bushy  
Run which we behold;

No savage menace threatens us within our stately  
halls,

Yet we revere the courage which that battle oft  
recalls.

As stands yon great historic shrine, may we stand  
firm and tall;

With courage and a zeal to learn, with labor that  
shall conquer all;

And may our hearts where'er we roam for ever  
loyal be

To you — Penn Township High School which  
guides our destiny.

### "THE FERTILE FIELDS WHICH GIVE US LIFE . ."

On the hill overlooking our school is the battlefield of Bushy Run. To perpetuate the pride we hold for this shrine, there is a natural pioneering spirit in Penn Joint High, which has expressed itself in our entering many new phases of the educational and recreational activities of the school. We advocated wider fields of science, math, sports, and the arts, and introduced student government with zeal and courage similar to that of our forefathers and the Indians of Bushy Run. The Indians naturally resisted change, but they could not avoid so basic a force. General Bouquet defeated them to advance the progress of western civilization beyond the boundary of the Appalachian mountains. Pittsburgh and the surrounding area became a depot for pioneers who spread the seeds of colonization as far as the Pacific and the Gulf of Mexico. The new civilization developed and prospered

until it seemed that there were no more frontiers, no need for the strong individualism of pioneers, until, recently, new dangers and new frontiers threatened and promised. To the freedom-loving spirit of western civilization came danger from a foreign philosophy, and new frontiers have begun to glitter in space beyond the earth's horizon. New battles and new horizons call for the rise of new pioneers to answer new challenges. This time the call must be answered, not with weapons, but with tools, the tools of knowledge, in order to build by the sciences and to understand by the humanities.

As a product of this school and this community, we hope to be able to carry the traditions of the past into our futures. In this book is a pictorial history of the events and activities which have prepared a new generation of pioneers.

The pioneering spirit is peculiar to American civilization. America's first pioneers had a new world to build. Confronted by a virgin wilderness devoid of the first essentials of civilization, they faced and conquered their strange environment to fulfill their varied desires, which ranged from the simplest necessities to complicated cultural ambitions. This experience made pioneer life so distinctive as to be characterized as the most American thing in our history. Although this pioneering spirit developed in an environment designated by population, a dozen other frontiers kept the pioneer constantly in a state of transition — moving on the edge of advancing settlement in search for mental and spiritual values and economic opportunity. Graduates, there are worlds for you to conquer, new fields to explore — today, tomorrow. Scientific achievement, alone, indicates that man's imagination has never soared so high or been so deeply stirred as today. Inflexible courage and resolution, symbolizing the pioneering spirit of the past, will motivate you to greater heights and achievement in the future.

#### CLASS HISTORY

We, the Class of 1958, entered our seventh year of school with all the excitement, anticipation, and fears of a new adventure. Eager to gain recognition, we started the trek toward success, and our youthful enthusiasm brought us through the first challenge, the magazine campaign, commendably.

The big event of the following year was our eighth grade outing at Bushy Run. We hiked there to play baseball and volleyball and to eat hot dogs and drink too much soda pop. Already some of our students were beginning to show promise. Eileen Sadler, Richard Bratkovich, and Robert Gaut received the annual American Legion Award.

When we became freshmen, we had our first party. It was truly a memorable occasion because of the careful planning of the committees and the help of our class adviser, Mr. Perich.

Achievement marked our sophomore year. Fourteen students of our class were accepted as probationary members of the National Honor Society. Pioneering also in the field of speech, we earned the charter of the PJH chapter of the National Forensic League. Besides these, many members became active in musical and athletic activities.

The junior year was the busy one. We elected Robert Gaut, president; Frank Diebold, vice-president; Judy

Chanoski, secretary; and Bernice Rutkowski, treasurer, to guide us through our money-making projects. Profits from the refreshment stand and the dances enabled us to sponsor the prom. It was held in the gym, which was decorated like a Fantasy Land. Could there be better days? There were.

We walked around in a daze, wondering if it were really true. It was; we were finally seniors! We elected Robert Gaut as president for the fifth consecutive year, and chose Dennis Koontz, vice-president; Judy Chanoski, secretary; and James Carnera, treasurer. It was a year full of taking tests, considering jobs, sending applications to business schools, colleges, and employers, and generally making plans for the future. Of course, we had time for a skating party, senior banquet, and play before arriving at Commencement. The learning process is not an easy one, but, with much guidance from our parents and teachers, we are already beginning to assume some of the responsibilities of adults.

It seems to be an uncertain world we're entering. There have been two world wars within a half century, and the balance of world power is still wobbly. Yet scientists seem bent upon reaching new worlds. Will it be for our generation to build peace on this planet as well as upon another?

This year the staff pioneered in creating a very different yearbook. One innovation, as you can see, is that the print is a sepia tone instead of the usual black. The books are a size larger, too, 8½ x 11. Ordering seven hundred yearbooks, an increase of one hundred over last year's number, certainly indicates progress in circulation.

Members of the staff worked many hours in addition to the journalism class — hours spent in identifying pictures, preparing copy, editing, proofreading, typing, and keeping records of sales and ads. Co-editors—Pauline Scholz and Eileen Sadler; assistant editors—Nancy Vogel and Adelinda Ader; circulation managers—Joyceanne Tenney

Ruth G. Peters  
Faculty Adviser

Joyceanne Tenney and Sally Ann Wierzbowski gleefully count the results of their salesmanship. The final tally showed that they had done well.

Jerry Dodd explains his views on selling ads while Janice Giacobbe takes note of a former layout. Arlene Livingston approves, but Gayle Ann Graves seems to have her own theories.

and Sally Ann Wierzbowski; advertising salesmen—Gayle Ann Graves, Janice Giacobbe, Arlene Livingston, and Jerry Dodds; biographers—Jo Lane Brant and Carol Page; sports editors—Dennis Koontz and Joe Kinkella; and typists—Christine Vogle and Bernice Rutkowski were guided and encouraged by a successful team of faculty advisers, Ruth Peters and Eugenie Reidmiller.

After laboring diligently throughout the year, the staff and advisers sincerely hope that the pages of this book reflect cherished and fleeting moments of your high school days.

If you can write it, they can type it. Bernice Rutkowski is erasing, but don't let that fool you. She and Chris Vogle proved to be quite efficient.

Do not disturb — the creative process is a delicate one which requires deep concentration of the sort in evidence on the faces of Dennis Koontz, Adelinda Ader, Nancy Vogel, Jo Lane Brant, Carol Page, and Joe Kinkella.

Entertainers—Onder, Edelman, Brant, Zgonc, Lang, Pendro reclining.

This organization began its second year by re-naming itself The Penn Drama Guild, applying for membership in The National Thespian Society, re-electing JoLane Brant, president, and Pauline Scholz, secretary electing Darla Onder, vice-president, and Gale Altman, treasurer. NT standards are now our own, and we guard them zealously.

The first project was a costume carnival held in the gym. It provided entertainment in dancing, ring-a-cane and make-a-basket stands, sidewalk show and floor show, and refreshments. The profit paid the expense for our production of Our Town.

After the carnival, members supported the Christmas assembly which featured the eighth graders of room 109 in a one-act play, Papa Dillibell, Dolls Made and Mended, written by the Guild's adviser and director, Eugenie Reidmiller. The younger set proved so capable that six of them were selected as apprentice members with journeymen to guide them.

Members also published Variety Jr., a monthly newspaper named for the famous Variety, voice of the entertainment world. It reported local entertainment news, reviews, guest columns, and other features pertaining to the theatre arts.

## Our Town

The Gibbs and the Webb Families

The Guild's production of Thornton Wilder's famous Pulitzer winner was most rewarding. With so large a company, members began to realize how well they could work together, and the result was a stronger group spirit, which left an eagerness to begin the next show, *The Curious Savage*, in cooperation with the senior class.

Capping the year, after entertaining the Boosters Club in May, was the banquet and the tapping of members to various degrees in NTS. Farewell to the following seniors: JoLane Brant, Judith Chanoski, Lois Jean Ellig, William Lang, Timothy Matthews, Alan Mochnick, Pauline Scholz, Joyceanne Tenney and Sally Ann Wierzbowski.

## The Curious Savage

"And if I laugh at any mortal thing — 'Tis that I may not weep."—Byron. This play is a comedy of character by John Patrick, who presents a cast of memorable characterizations in the inmates of a sanitarium and in Mrs. Ethel Savage whose materialistic stepchildren wrongly judge her insane because of her desire to spend her fortune helping people realize their sweet foolish dreams. She resents being committed to The Cloisters and schemes to gain her freedom. In this, she is successful, but not before she realizes that the people in the sanitarium, in spite of their fantasies, are more real, gracious, sensible, and more concerned with the vital in life than are the people of the hard, outside world who insanely quarrel over petty problems in a race for material wealth.

## The National Forensic League

The NFL under a new sponsor, Mrs. Phyllis Miller, had as its leaders: Ellen Erdelsky, president; Gale Altman, vice-president; Pauline Scholz, secretary; and Marc Hitchens, treasurer. The organization follows its purpose of promoting the interests of interscholastic debate, oratory, and public speaking by encouraging a spirit of fellowship and by conferring degrees upon deserving candidates. To become a member, one must qualify for the Degree of Merit or 20 points. Other degrees are: Degree of Honor, 50 points; Degree of Excellence, 100 points; Degree of Distinction, 200 points. Points are earned in debates, speech contests, and student congresses. This year our own NFL pioneered two more of its firsts by holding a speech contest here and by having a member, Ellen Erdelsky, eligible to attend the finals in extemporaneous speaking. Charter members of this year's senior class are: Matthews, Maines, Greer, Lang, Mochnick, Lutz, McWilliams, Sadler, Vogel, and Scholz.

## The National Honor Society

National Honor Society officers—Eileen Sadler, president; Jo Lane Brant, vice-president; and Dorothy Best, secretary—think the five-year record of the society's activities shows constant progress in its endeavor "to create an enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character" in the PJH students. Each year more sophomores qualify as probationary members and maintain their rating to become active members and graduate members. The Penn Chapter now includes 30 graduate members—13 of these are charter members—eight active junior members and 12 probationary sophomore members.

This year Bernice Patla and Ellen Erdelsky, scholarship and citizenship chairman, respectively, awarded banners to the deserving rooms each sextile.

## STAGE CREW

One of the main service groups of the high school is the stage crew, sponsored by Thomas Writt and Morgan Egidi. The student manager, Edward Good, who is the only senior, has a letter for his 4-year service. The boys are on call to do what's needed for any production. Backstage they erect scenery and take care of the lights and curtain, and they also do maintenance work on the equipment.

Pioneering at our school this year in the field of democracy, Albert Bartoletti, Barney Kistler, Robert Gaut, Alan Mochnick, Betty Ann Roscher, and Ray Slater, chosen from the homeroom presidents, met, worked, pondered, discussed, examined and re-examined, and finally drew up a constitution for a student council which met in February as an organized body composed of one elected representative from each homeroom. The student body chose JoLane Brant president; George Gates, vice-president; Karen Kauffman, secretary; Jerry Hufton, treasurer. Under these leaders and the guidance of Arthur Rometo, the organization worked to develop policies and practices of good citizenship, and to create interest in school loyalty, co-operation in the school

community, promotion of the general welfare of the school, to offer aid in the solution of problems, and to consider the ideas and opinions of the student body. The executive committee then divided the body into committees to carry out the functions of the council. These committees were: welcoming, publicity, lost and found, building and grounds, social, and citizenship. Their most important contribution this year was the re-introduction of hall passes and a schedule for hall monitors. They are a serious, hard-working group deserving of full consideration and co-operation. Congratulations to those who may call themselves founders, for they have proved themselves exemplars of the ideal of democratic citizenship.

These clubs exist to give their members an opportunity to participate in sports and learn the meaning of sportsmanship. Patrick Cortazzo and Regis Kelly, co-sponsors, teach the boys tumbling. The girls, sponsored by Nancy Rogers, play volleyball, basketball, and end the year with a banquet. Both participate in May Day.

In the middle of August, the 1957 Indians began drill for their third season in Class A football. The season's schedule included three new teams—Bellmar, Wilmerding, and Rostraver—to replace Mt. Pleasant, Trafford, and Blairsville. Head coach Regis Kelly and assistant coaches, Louis Antolini and Richard Rizzardi, expected a fair season although they had only five lettermen: Dennis Koontz, Gene Harchelroad, Ray Slater, Tom DePalma, and Jerry Blank.

Head coach Kelly talks things over with assistant coaches, Antolini and Rizzardi.

In the annual lidlifter, the Penn grid-  
ders dropped a heartbreaker to Bell  
Avon 18-13. After a scoreless first period,  
the Lions scored a plunge, but the PAT  
failed. Penn returned the ensuing kick-  
off from their own 40-yard line down to  
the 17 where Istanich went off tackle for  
the first score. A Harchelroad to Meneg-  
hini pass added the PAT. Then Slater  
picked off an aerial and hit paydirt. The  
PAT failed. Third stanza, Bell scored on  
an 82-yard drive, but the PAT was  
blocked. Then came the heartache: a  
Bartoletti punt was blocked, the Lions  
moved to the 1-foot line, and, with sec-  
onds left, Galo scored.

Scottdale defeated the Indians after  
playing ties the preceding two years. The  
Indians drew first blood when Koontz  
recovered Scottdale's fumble on the ene-  
my 40-yard line. Five plays later, Meneg-  
hini scooted around the end for 12 yards  
and the TD minus PAT. The Millers  
scored next. In the second period, Har-  
chelroad passed to Lutz for another tal-  
ly with PAT. The Millers scored again  
without the PAT. In the second half,  
Tracy scored in the opening kickoff, but  
Walters missed the PAT. Then Weaver  
scored on a plunge from the two. Min-  
utes later, the Millers scored their last  
TD of the game. For the Indians, Blank  
banged his way over the goal after a 38-  
yard sprint. Game ended 31-20 with the  
Indians behind.

Three bad breaks brought the Indians  
defeat from Bellmar in the season's first  
home game. An intercepted pass, a bad  
pass from center in punt formation, and  
a fumble gave the Hurricanes their three  
scores of the game. Penn scored on a 40-  
yard drive in the third period, when Sla-  
ter carried the oval over from three yards  
out. From there the game was a dead-  
lock until the gun sounded, leaving the  
Indians on the short end of 19-6.

Away from home, the Indians battled  
improved St. Vincent Prep. Following a  
scoreless first period, Blank climaxed a  
61-yard drive with a one-yard plunge to

paydirt. Harchelroad added the PAT, and Penn led 7-0. Shortly before the half, Romanik took Bartoletti's  
punt and scooted 46 yards. In 11 plays, the Prepsters scored on an aerial, ending the half 7-7. Penn's offense slack-  
ened in the second half. When Bartoletti punted, the Kittens scored after a 65-yard drive which ended in a one-  
yard plunge with added PAT. In the fourth quarter, Romanik scored the last six pointer. The PAT was nulli-  
fied, but the Prepsters cheered at 20-7.

After a three-day postponement of the game, because of the flu, the underpowered Indians appeared head-

ed for their first victory of the season, but they faded in the second half and lost to Wilmerding Wildcats 14-6. At the end of the first quarter, Istanich scooted around left end for the Indians' only score of the game. At the half, the Indians led 6-0, but the Wildcats, scoring 14 points in the third quarter, declared victory 14-6.

The visiting Springdale Dynamos handed the Indians their second loss of the season. Springdale first scored after a Penn fumble, but the PAT failed. Wagle scored on the option play in the second frame, and Graham intercepted Slater's pass for a TD in the third. The outweighed Indians fought back as Bartoletti stunned the Dynamos' defense with a 78-yard TD run, but, on the following kickoff, Springdale's Graham lugged the ball over, making it 25-6. On the next series of downs, Penn scored on a Slater to Blank pass, which wound it up 25-13.

Sewickley Township's strong Bisons defeated the visiting Indians 53-0. The victors scored in the first period on runs of 33 and 45 yards by Condie and a 4-yard plunge by Sleith; in the second period by Condie on a 65-yard pass play; three times in third stanza—on a 1-yard plunge, an 18-yard run, and a two-yard sprint. In the fourth, a 40-yard jaunt by Milton was the final TD. The Indians, although defeated early, fought hard.

Penn tallied its first victory by a lopsided 26-0. Rostraver's only threat came shortly before the half, but it was the Indians' game. Harchelroad snared a pass from Slater and hopped the goal line. The half ended at 6-0. The inspired Penn scored 20 points in the second half. On the first play after the kickoff, the Leopards recovered a Penn fumble, but, one play later, Koontz recovered a Rostraver miscue. Istanich then scored from the 8-yard line, and Harchelroad added the PAT. A Slater to Lutz pass ate up 33 yards, and Bartoletti scored 6 more.

Kosoglow recovered a Leopard fumble

on their 44, and Istanich scored his second TD of the game. Cargo added the PAT, making the final score 26-0.

The Indians scored in every period against visiting Ligonier and ended the season with a second straight victory. Penn took the initial kickoff. Harchelroad broke loose on a 29-yard jaunt, then passed to Blank who scored. The PAT was good. The Mounties scored in the second period, but the PAT failed. On the ensuing kickoff, Penn moved in. Slater took an end around handoff and passed to the other end, Meneghini, who, in turn, displayed broken field running that baffled the mounties. The entire play covered 51 yards, of which the spectacular run ate up 30. Harchelroad added the PAT, and Penn led 14-6. Midway in the third, Lutz intercepted Brownfield's pass and Bartoletti scored, but the PAT failed. The Mounties scored 6 more. When the Penn defense forced Hoza to fumble on the Indians' 20, Kunak took the loose oval the remaining 80 yards, and the twice victorious Indians, with a 28-19 victory, carried the coaches to the showers.

Gates, right end; Blank, right tackle; Harchelroad, fullback; Thorton, right guard; Kunak, right half; DePalma, center; Koontz, quarterback; Slater, left half; Kosoglow, left guard; Lutz, left tackle; Bartoletti, left end.

The Indians lost five lettermen by graduation, but they have fourteen returning for the "58" season. With this amount of experience, Penn gridders hope to have a better record next year.

DENNIS KOONTZ — Guard — has four years of football experience — was chosen All-County guard his junior year —hard-hitting fumble grabber.

GENE HARCHELROAD — Quarterback — has zip — adds wings to a pass — played JV ball for two years and Varsity for two — equally agile on the basketball court.

ROY LUTZ — End — snared many key aerals — won his letter this season — also of importance to the Varsity basketball team.

RAY KUNAK — Guard — ran 80 yards to put the cap on the Ligonier game — has four years experience — this man is a fighter.

DENNIS YECKEL — Center — played two years of JV and two of Varsity — solid and tough.

The Penn Joint Indians, coached by Richard Rizzardi, ended the exhibition season with a 4-2 record, but they were unable to complete the section schedule with the same proportion of victories.

In the exhibition schedule, Penn took an early lead over visiting Ramsay High and remained ahead throughout the game, but they were overpowered by Glassport and Irwin. In a close game with Ligonier, Penn claimed victory by one point. It was Harchelroad who tossed the winning bucket. The exhibition schedule was wrapped up happily with wins over Tarentum and Trafford.

Having one letterman at the first of the season, the Indians started their year in the 2-A section with a new squad. Five points meant all the difference in the 2-A opener with Hempfield. Even though Penn floormen were in the game all the way, they could never quite

catch the Spartans. The next two games were just as disheartening, but then — VICTORY. The Indians copped their first and only laurel in the whole section schedule by knocking off visiting Connellsville. Penn trailed by one point at halftime but broke loose in the third period and stayed out in front. Latrobe took over early in the next game, and Penn wasn't able to stage a comeback. This same story prevailed for the remainder of the season. They put up a good showing in field goals and ball handling, but couldn't hit at the free throw line in the Jeannette game. The following games found the Penn squad fighting hard, but unable to match agile, alert opponents.

Losing five lettermen — Harchelroad, Bratkovich, Lutz, Wallace, and Fennel — this year, the squad might have another rough year ahead of them.
